WEDDING & SOCIAL PHOTOGRAPHY

*Wedding Services*  
*2011*

*Why make cutbacks?  
....when you don't have to!*

Our beautiful Wedding Gallery Albums are absolutely stunning and are fully bespoke designed by our Adobe ACA qualified graphic designer inside, outside and on the presentation case. They simply have to be seen to be believed.

For a more contemporary option for the bride and groom who'd like to make their own album we offer all images in high and low resolution on DVD in our beautiful Wedding Gallery DVD

*Bespoke Album Designs*

*Truly Individual Albums*

All albums are designed by our creative professionals using cutting edge Adobe® design software and years of experience in album creation. No two books or even pages within are created the same and the result is truly outstanding!

Creation takes about a week after which your design is then available for the bride to browse online and then sent to our specialist printer binder to be made!

## *Magic Moments* DVD

We've listened to our bride and grooms when designing our wedding packages. There are just times when the happy couple want to just sit back, relax and watch their special day unfold in front of their eyes without getting out their album.

Our Magic Moments are specially selected images from your wedding day set to your choice of music lasting approximately 12-15 minutes and created using professional editing techniques.

## *Your Engagement Photo Shoot* *...with you from the beginning*

"Beautiful..." "lovely..." "stunning..." "fun..." "amazing" are just some of our brides words used to describe our Engagement Photo Shoot.

What better way to get to know your photographer than a professional photo shoot in the location of your choosing? What's more we use these images as an introduction in the first few pages of your album... and comes as part of the service with every Package.

## *Digital Memories* *an alternative*

We understand that sometimes the bride and groom for their own reasons may not want an album or prints.. maybe a second or third marriage or they'd just like to make their own album!

To cater for these needs we offer all images on DVD with unlimited reproduction rights and including a limited copyright release. Perfect for the bride and groom to keep and then print as required.

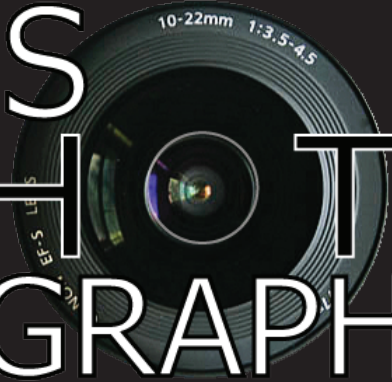

# So which service is right for me?...a services comparison

	Preparations at the bride's home including all details. Images of the bridesmaids and bride leaving the home and the wedding car.	Guests arriving before the ceremony, grooms arrival, bride's arrival, during the ceremony*, signing the register	Group images afterwards at the wedding venue.
